

Hauling Horse Manure Offsite in Whatcom County

Do you struggle with a mountain of manure and bedding and do not have a tractor or enough pasture to spread manure during the growing season? The Whatcom Conservation District can help you with composting and proper storage of manure. Or you may want to consider hauling manure offsite. Currently there is one commercial facility accepting stall waste in Whatcom County.

Green Earth Technologies (GET) in Lynden accepts horse stall waste (bedding and manure). You can haul directly to GET or rent a dumpster container from SSC. See options below. GET accepts all green waste materials for composting. Call or visit their website for details.

Costs for hauling stall waste directly to (GET)
Tipping Fee \$20 per ton (home farm rate)
774 Meadowlark Rd.
Lynden, WA 98264
Phone: 360.354.4936
